

### **Amendment to the Drawings**

Please replace Fig. 2 with the attached replacement Fig. 2. As suggested by the Examiner during the telephone interview on January 12, 2005, the replacement Fig. 2 shows seven layers of electroluminescent material. Written support for the amendment can be found in the originally-filed specification, for example, in the paragraph starting at page 3, line 5 and in Claim 1.
